Subject : Revision application for fixation of fees

Sir,

We have submitted the proposal for fixation of fees for the year 2012-13 and as per your declaration notification dtd 11th Sept.2012 the fee was fixed to Rs.43000/- for our college of Engineering. While looking after the computation chart submitted to you for fixation of fees it has been noticed that the figure of sanctioned intake was wrongly written as 1098 instead of the correct figure of 1020 students. This has resulted in reduced fee of Rs.43000/- as against Rs.46040/- hence we are submitting herewith the revision application in specified form.

For submitting the revision application we have demanded the calculation worksheet. Now we have received the calculation worksheet from your office. You have also calculated the fee on 1098 students, while the correct figure is 1020 students.

As per your calculation worksheet in the computation chart of depreciation you have consider depreciation permitted as on 31/3/2011 at Rs.35,09,105/- while as per our calculation the amount is Rs.48,77,608/- hence there is a difference of Rs.13,68,503/- in depreciation which also results in reduced fees..

You are requested to consider our revised computation form which contains sanctioned intake 1020 students and the total fee calculation amounts to Rs.46040/-

You are requested to sanction revised fees and oblige.

Thanking you.

Your's sincerely

(Dr.P.C.Kulkarni)
