	Give three observation / suggestions to improve the overall teaching – learning experience in your institution.(Some Notable Suggestions)	
	Give three observations/suggestions to improve the overall teaching-learning experience in your institution. (Some Notable Suggestions): - Encouragement towards self-learning is helpful. - Use better graphics and visual media to engage students well. - More focus should be on practical. - At least one programming language should be mandatory so that student will be good at least one language. - Need more sessions on personality development. - No suggestions, good teaching, support. - Friendly behavior of the staff - All teachers are the best. - Every staff is good at the teaching process. The overall teaching-learning process is quite nice in GESCOE. - Practical should be conducted in 5-5 student batch - While solving numerical in class please give us sufficient time to solve in some lectures it is not provided. - Suggest some YouTube videos related to the syllabus. - Remove those write-ups even though it's a rule by the university and assign students end to end Project (till deployment) without teaching students anything about technology. - Force students to do at least 2 MOOCs of their area of interest by the end of 3rd year. - Best college and management nothing to change. Good luck! - Perfect, the help of our respective staff to us is very helpful and supportive! Thank you!	3.66
