REPORT ON Workshop on Web Technology Using Django framework

On Friday, the 5TH of October 2018, at GES's R. H Sapat college of Engineering an event on Django with GirlsScript was organized under the GESMOZ Club.

Miss Anubha Maneshwar of GirlsScript India with her team members conducted a session on Django Framework for the students. The session included the topics like creating a website using Python programming language with Django framework, hosting your website, some related topics.

The session was started with an introduction to GirlsScript India, following the agenda of the session the students had a hands-on seminar/workshop on creating their website using the Django framework and hosting the same.

The staff coordinator Mrs. G.K Dhamne appreciated the session and had her support for the same. GESMOZ volunteers Ankit and Yadnyesh helped in the smooth functioning of the event.

.

The timing was from 10.15 a.m. onwards.

The Resource Persons were: - Ms. Anubha Maneshwar.

In first Session Ms. Anubha Maneshwar elaborated on the firstly Introduction to Django and Web Development.

- **What is Django?**

- Django is a high-level Python web framework designed for building robust and maintainable web applications.

- **Key Components:**

- Models: Define data structures and interact with the database.
- Views: Handle request processing and business logic.
- Templates: Create dynamic HTML pages.
- URL Routing: Map URLs to views.
- Admin Interface: Manage application data through a built-in admin panel.
- Middleware: Perform global request/response processing.
- Forms: Simplify HTML form handling and validation.
- Security Features: Protection against common web vulnerabilities.

- **Getting Started:**

- Setting up a Django project and creating applications.
- Defining models and generating database tables.

- Creating views and templates.
- Routing URLs to views.
- **Admin Interface:**
 - How to use the Django admin panel to manage application data.
 - Customizing the admin interface.

In second Session Ms. Anubha Maneshwar explained about Advanced Django Concepts and Deployment.

- **Authentication and Authorization:**
 - Built-in user authentication and authorization mechanisms.
 - Customizing authentication and creating user roles.
- **Static and Media Files:**
 - Managing static assets (CSS, JavaScript) and media files (uploads).
 - Setting up and configuring static and media file handling.
- **Forms and Validation:**
 - Creating and processing HTML forms in Django.
 - Validating user input and handling form submissions.
- **Database and ORM:**
 - Exploring Django's Object-Relational Mapping (ORM).
 - Performing database queries using Django's ORM.
- **Security Best Practices:**
 - Strategies to secure Django applications.
 - Protecting against common web vulnerabilities.
- **Deployment:**
 - Preparing a Django application for production deployment.
 - Deploying Django on popular web servers like Apache or Nginx.
 - Hosting options, including cloud platforms like Heroku, AWS, and Azure.
- **Scaling Django:**
 - Strategies for scaling Django applications to handle increased traffic.
 - Load balancing and caching techniques.
 -

- **Community and Resources:**

- Where to find documentation, tutorials, and support within the Django community.

Sub: Invitation for conducting one day workshop on "Web Development using Django Framework"

Dear Sir/Madam,

We are pleased to introduce ourselves as a growing institute in the field of technical education. GESCOE is an **AICTE approved and affiliated to University of Pune**. We are running Undergraduate courses in **Mechanical Engineering, Computer Engineering, Electronics & Telecommunication Engineering, Electrical Engineering, Civil Engineering and Post Graduate courses in Masters of Computer Application**.

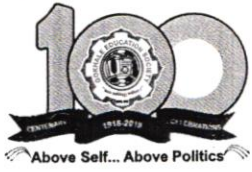

In a world where technology is changing very fast, it is indeed a challenging task to cater to the needs of industry for proficient manpower. We at GESCOE are developing world class engineers for converting global challenges into opportunities through value embedded quality technical education. We earnestly hope that our student will be able to meet all the challenges given by Industry.

GESCOE will be extremely obliged if you could be a part of our endeavour of making the untapped talent shine. We would like to invite you for conducting one day workshop on "Web Development using Django Framework". We would be glad to provide you with any further information and assistance in this regard.

With warm regards,

Prof. G. A. Dhamne

Sub: Thanking letter for a valuable workshop on "Web Development using Django Framework"

Dear Madam,

It is our ardent privilege that you accepted our request and visited Gokhale Education Society's R. H. Sapat College of Engineering Management Studies and Research, Nashik for conducting workshop on "Web Development using Django Framework" for engineering students.

In a world where technology is changing very fast, it is indeed a challenging task to cater to the needs of industry for proficient manpower. We at GESRHSCOEMSR are developing world class engineers for converting global challenges into opportunities through value embedded quality technical education.; As a part of curriculum student have Web development in their syllabus for website development and you have explained it very well.

Students has earned so much from you that it is difficult to put into words how grateful we have been for your guidance.

Once again thank you for your valuable time, guidance and support.

With warm regards,

Ashamne

Report of Technical Training “Zensar Employability Skill Development program ESD on CORE JAVA”

The Certificate Technical Training “Zensar Employability Skill Development program ESD on CORE JAVA” was organized by Training placement department and Department of Computer Engineering R.H. Sapat College of Engineering Management Studies and Research in collaboration with ZENSAR ESD program for 10 days from 13/06/2019- 23/06/2019.

Zensar Technologies and Zensar Foundation launched the Employability Skills Development (ESD) Program, which provides free training to under graduate students to improve their preparedness for the IT sector.

Goal of ESD program: This Employability Skill Development (ESD) program, which is at no cost for students, is held annually by Zensar Technologies and Zensar Foundation with the goal of preparing recent graduates for better careers in the IT sector.

The Procedure: Zensar visits every year to college and selects students from third year and give away training in both soft skill and technical skills. And at the end of training, they conduct interview for students. Among this interview students are finalized and selected to work with Zensar.

This program offers around 140 hrs of training for students which includes CORE JAVA for 70 hrs,

The Resource Persons was from ZENSAR.

The objective for this ESD program is students should understand fundamentals of object-oriented programming in Java, including defining classes, invoking methods, using class libraries, etc. Subsequently, Knowledge of object-oriented paradigm in the Java programming language and the use of Java in a variety of technologies and on different platforms.

Students could learn following points with this training

- The classical model of object-oriented programming: abstract data types, encapsulation, inheritance and polymorphism
- Fundamental structures of an object-oriented language like Java: object classes and interfaces, exceptions and libraries of object groups
- How to prepare the requirement analysis of a real time business problem and from this to apply suitable logic for solving the problem, subsequently coding in JAVA.
- How to test, document and prepare a professional looking package for each business project using javadoc.

Hence to make them company efficient with all professional ethics and technically improved, every year this program is conducted for Third year students in order to make them ready for placements, by providing them with soft skills and technical assessment training. At the end of training program, every student gets a set of various activities which helps them to build up Team building, Motivation, Time and Stress Management skills.

In short Zensar looks after every student in these sessions, where students learn basics of soft skills and Etiquettes required in Software company. They get to know the problems they face while handling live projects in company. This improves their communication skills, presentation skills. This program also helps in improving time and stress management and team building which are also very essential during their job. The Resource person was Mr. Ajay Bhosekar corporate trainer appointed by ZENSAR Pune.

Report of Technical Training “Zensar Employability Skill Development program ESD on SQL”

The Certificate Technical Training “Zensar Employability Skill Development program ESD on SQL” was organized by Training placement department and Department of Computer Engineering R.H. Sapat College of Engineering Management Studies and Research in collaboration with ZENSAR ESD program for 6 days from **4th Jun 2018 to 9th Jun 2018**. It was One week training program as one step towards making students employable.

Zensar Technologies and Zensar Foundation launched the Employability Skills Development (ESD) Program, which provides free training to under graduate students to improve their preparedness for the IT sector.

Goal of ESD program: This Employability Skill Development (ESD) program, which is at no cost for students, is held annually by Zensar Technologies and Zensar Foundation with the goal of preparing recent graduates for better careers in the IT sector.

The Procedure: Zensar visits every year to college and selects students from third year and give away training in both soft skill and technical skills. And at the end of training, they conduct interview for students. Among this interview students are finalized and selected to work with Zensar.

This program offers total 180 hrs of training for students which includes SQL,PL/SQL for 40 hrs,

The Resource Persons was from ZENSAR.

Technical sessions on SQL, RDBMS, PL-SQL. In these six days training program they discussed various aspects of SQL, RDBMS, PL-SQL.

The points on which training provided are SQL Data Types and DDL, DML, DCL, TCL, SQL Operators. Creating, Modifying, Deleting, Updating tables. SQL DML Queries, clauses, Index, Then in Views, Creating, Dropping, updating views using Indexes, Ordering of Tuples, Aggregate Functions, Nested Queries. Concept of Stored Procedures and Functions, Cursors, Triggers, Assertions, Roles and Privileges.

The trainer trained participants to understand the basics of SQL, RDBMS, PL-SQL and subsequently how to apply these techniques in real time projects.

Hence to make them company efficient with all professional ethics and technically improved, every year this program is conducted for Third year students in order to make them ready for placements, by providing them with soft skills and technical assessment training. At the end of training program, every student gets a set of various activities which helps them to build up Team building, Motivation, Time and Stress Management skills.

Overall Zensar looks after every student in these sessions, where students learn basics of soft skills and Etiquettes required in Software company. They get to know the problems they face while handling live projects in company. This improves their communication skills, presentation skills. This program also helps in improving time and stress management and team building which are also very essential during their job. The Resource person was Mr. Parmeshwar Naravane corporate trainer appointed by ZENSAR Pune.

REPORT ON WORKSHOP ON IOT AND RASBERRY-PI

The Workshop on IOT and Raspberry-Pi was organized by Department of Computer Engineering R.H. Sapat College of Engineering Management Studies and Research on 26/03/2019. It was One Day workshop to have introductions and in in depth working of Raspberry-Pi with sensors interfaced to it.

The timing was from 10.00 a.m. onwards.

The Resource Persons were: - Mr Abhishek Pathak and Mr Aakash Patil (BE E&TC)

In first Session Mr Abhishek Pathak elaborated on the below features of Raspberry-Pi models

Features	Raspberry Pi Model B+	Raspberry Pi 2 Model B	Raspberry Pi 3 Model B	Raspberry Pi zero
SoC	BCM2835	BCM2836	BCM2837	BCM2835
CPU	ARM11	Quad Cortex A7	Quad Cortex A53	ARM11
Operating Freq.	700 MHz	900 MHz	1.2 GHz	1 GHz
RAM	512 MB SDRAM	1 GB SDRAM	1 GB SDRAM	512 MB SDRAM
GPU	250 MHz Video core IV	250MHz Video core IV	400 MHz Video core IV	250MHz Video core IV
Storage	micro-SD	Micro-SD	micro-SD	micro-SD
Ethernet	Yes	Yes	Yes	No
Wireless	Wi-Fi and Bluetooth	No	No	No

In second Session Mr Aakash Patil explained about following topics

- Introduction
- OS installation
- Sensor implementation

- Discussion of various real time projects.

Annexures: Annexure -I, II, III and IV.

Sub:- Invitation as a expert for One day workshop on Raspberry Pi on 26/03/2019.

Sir,

Greetings from Gokhale Education Society's R. H. Sapat College of Engineering Management Studies & Research Nasik. We are pleased to introduce ourselves as a growing institute in the field of technical education. GESRHSCOEMSR is an AICTE approved and affiliated to Savitribai Phule University of Pune. We are running Undergraduate courses and Post graduate courses in Mechanical Engineering, Computer Engineering, Electronics & Telecommunication Engineering, Electrical Engineering, Masters of Computer Application and Undergraduate course in Civil Engineering. We at GESCOE are developing world class engineers for converting global challenges into opportunities through value embedded quality technical education.

Department of Computer Engineering of Gokhale Education Society's R.H. Sapat College of Engineering Management Studies and Research is organizing a One-day workshop on "Raspberry Pi" in order to train our students on Raspberry Pi.

We would like to invite you as expert to guide our students, to elaborate on Raspberry Pi. I would appreciate if you could accept our invitation.

TIMINGS: 10.15 a.m. onwards

MODE: Offline

VENUE: Computer Seminar Hall, R.H. Sapat College of Engineering Management Studies and Research

Thanking you in anticipation.

Report of Technical Training “Zensar Employability Skill Development program ESD on CORE JAVA”

The Certificate Technical Training “Zensar Employability Skill Development program ESD on CORE JAVA” was organized by Training placement department and Department of Computer Engineering R.H. Sapat College of Engineering Management Studies and Research in collaboration with ZENSAR ESD program for 10 days from 6/2/2023 to 17/02/2023.

Zensar Technologies and Zensar Foundation launched the Employability Skills Development (ESD) Program, which provides free training to under graduate students to improve their preparedness for the IT sector.

Goal of ESD program: This Employability Skill Development (ESD) program, which is at no cost for students, is held annually by Zensar Technologies and Zensar Foundation with the goal of preparing recent graduates for better careers in the IT sector.

The Procedure: Zensar visits every year to college and selects students from third year and give away training in both soft skill and technical skills. And at the end of training, they conduct interview for students. Among this interview students are finalized and selected to work with Zensar.

This program offers around 140 hrs of training for students which includes CORE JAVA for 70 hrs.

The Resource Persons was from ZENSAR.

The objective for this ESD program is students should understand fundamentals of object-oriented programming in Java, including defining classes, invoking methods, using class libraries, etc. Subsequently, Knowledge of object-oriented paradigm in the Java programming language and the use of Java in a variety of technologies and on different platforms.

Students could learn following points with this training

- The classical model of object-oriented programming: abstract data types, encapsulation, inheritance and polymorphism
- Fundamental structures of an object-oriented language like Java: object classes and interfaces, exceptions and libraries of object groups
- How to prepare the requirement analysis of a real time business problem and from this to apply suitable logic for solving the problem, subsequently coding in JAVA.
- How to test, document and prepare a professional looking package for each business project using javadoc.

Hence to make them company efficient with all professional ethics and technically improved, every year this program is conducted for Third year students in order to make them ready for placements, by providing them with soft skills and technical assessment training. At the end of training program, every student gets a set of various activities which helps them to build up Team building, Motivation, Time and Stress Management skills.

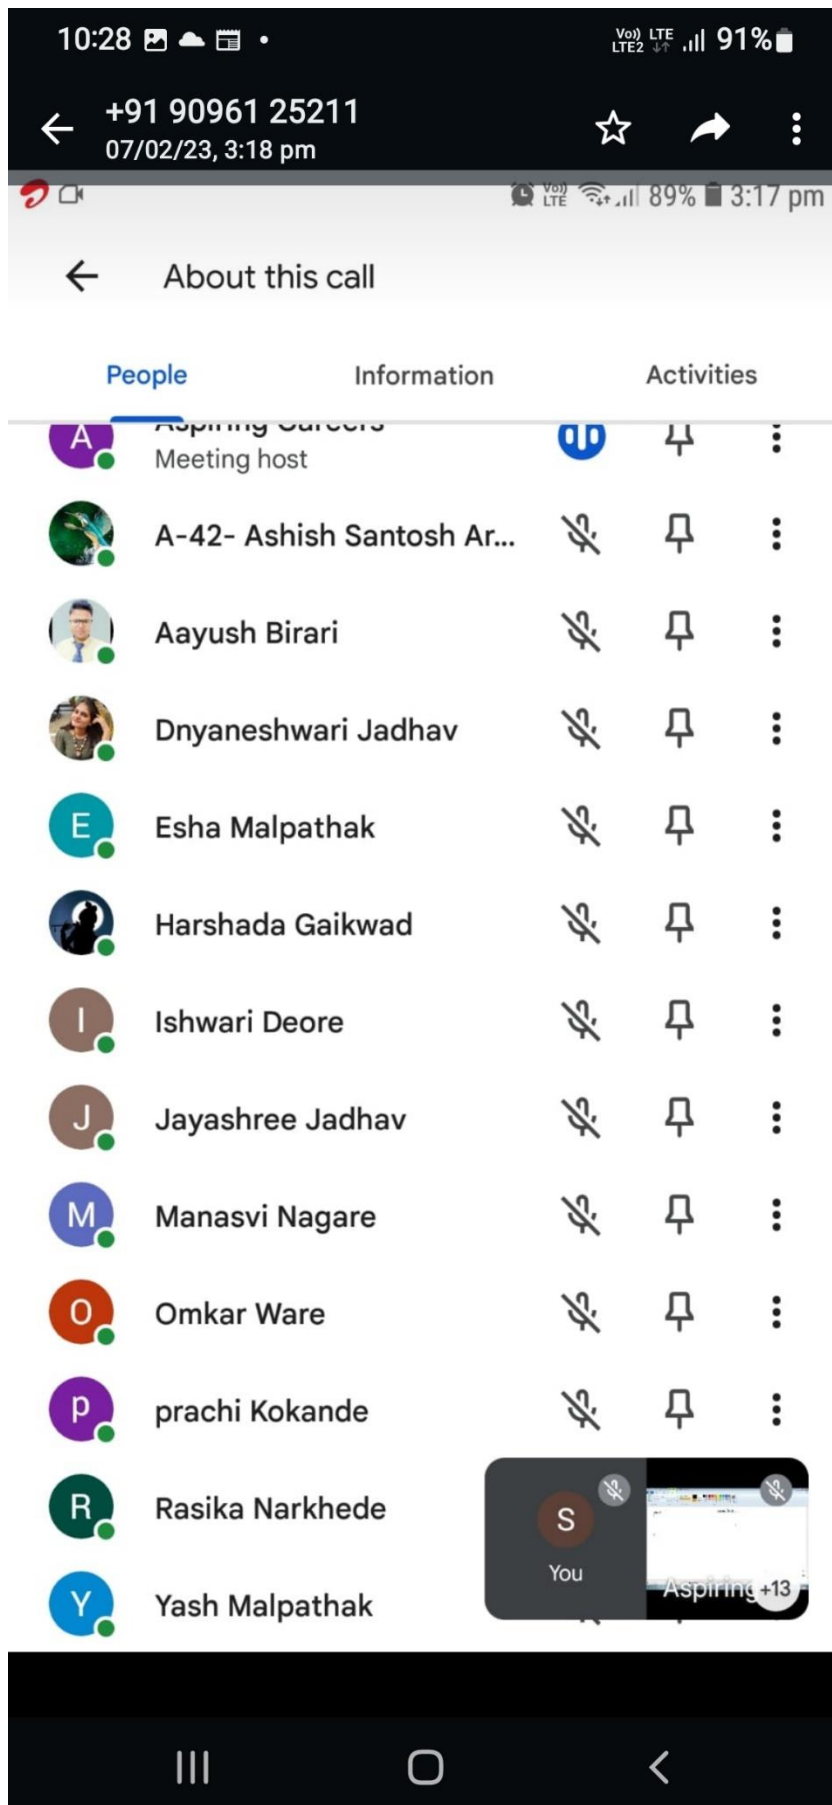

In short Zensar looks after every student in these sessions, where students learn basics of soft skills and Etiquettes required in Software company. They get to know the problems they face while handling live projects in company. This improves their communication skills, presentation skills. This program also helps in improving time and stress management and team building which are also very essential during their job. The Resource person was Mr. Parmeshwar corporate trainer appointed by ZENSAR Pune. CORE JAVA test was conducted on 21st February 2023.

Head,
Department of Computer Engineering

Report of Technical Training “Zensar Employability Skill Development program ESD on SQL”

The Certificate Technical Training “Zensar Employability Skill Development program ESD on SQL” was organized by Training placement department and Department of Computer Engineering R.H. Sapat College of Engineering Management Studies and Research in collaboration with ZENSAR ESD program for 6 days from 06/06/2019- 12/06/2019. It was One week training program as one step towards making students employable.

Zensar Technologies and Zensar Foundation launched the Employability Skills Development (ESD) Program, which provides free training to under graduate students to improve their preparedness for the IT sector.

Goal of ESD program: This Employability Skill Development (ESD) program, which is at no cost for students, is held annually by Zensar Technologies and Zensar Foundation with the goal of preparing recent graduates for better careers in the IT sector.

The Procedure: Zensar visits every year to college and selects students from third year and give away training in both soft skill and technical skills. And at the end of training, they conduct interview for students. Among this interview students are finalized and selected to work with Zensar.

This program offers total 180 hrs of training for students which includes SQL,PL/SQL for 40 hrs,

The Resource Persons was from ZENSAR.

Technical sessions on SQL, RDBMS, PL-SQL. In these six days training program they discussed various aspects of SQL, RDBMS, PL-SQL.

The points on which training provided are SQL Data Types and DDL, DML, DCL, TCL, SQL Operators. Creating, Modifying, Deleting, Updating tables. SQL DML Queries, clauses, Index, Then in Views, Creating, Dropping, updating views using Indexes, Ordering of Tuples, Aggregate Functions, Nested Queries. Concept of Stored Procedures and Functions, Cursors, Triggers, Assertions, Roles and Privileges.

The trainer trained participants to understand the basics of SQL, RDBMS, PL-SQL and subsequently how to apply these techniques in real time projects.

Hence to make them company efficient with all professional ethics and technically improved, every year this program is conducted for Third year students in order to make them ready for placements, by providing them with soft skills and technical assessment training. At the end of training program, every student gets a set of various activities which helps them to build up Team building, Motivation, Time and Stress Management skills.

Overall Zensar looks after every student in these sessions, where students learn basics of soft skills and Etiquettes required in Software company. They get to know the problems they face while handling live projects in company. This improves their communication skills, presentation skills. This program also helps in improving time and stress management and team building which are also very essential during their job. The Resource person was Mr. Parmeshwar Naravane corporate trainer appointed by ZENSAR Pune.

Report of Technical Training “Zensar Employability Skill Development program ESD on SQL”

The Certificate Technical Training “Zensar Employability Skill Development program ESD on SQL” was organized by Training placement department and Department of Computer Engineering R.H. Sapat College of Engineering Management Studies and Research in collaboration with ZENSAR ESD program for 10 days from 28/11/2022- 08/12/2022. It was One week training program as one step towards making students employable.

Zensar Technologies and Zensar Foundation launched the Employability Skills Development (ESD) Program, which provides free training to under graduate students to improve their preparedness for the IT sector.

Goal of ESD program: This Employability Skill Development (ESD) program, which is at no cost for students, is held annually by Zensar Technologies and Zensar Foundation with the goal of preparing recent graduates for better careers in the IT sector.

The Procedure: Zensar visits every year to college and selects students from third year and give away training in both soft skill and technical skills. And at the end of training, they conduct interview for students. Among this interview students are finalized and selected to work with Zensar.

This program offers around 140 hrs of training for students which includes SQL, PL/SQL for 60 hrs,

The Resource Persons was from ZENSAR.

Technical sessions on SQL, RDBMS, PL-SQL. In these six days training program they discussed various aspects of SQL, RDBMS, PL-SQL.

The points on which training provided are SQL Data Types and DDL, DML, DCL, TCL, SQL Operators. Creating, Modifying, Deleting, Updating tables. SQL DML Queries, clauses, Index, Then in Views, Creating, Dropping, updatingviews using Indexes, Ordering of Tuples, Aggregate Functions, Nested Queries. Concept of Stored Procedures and Functions, Cursors, Triggers,

Assertions, Roles and Privileges.

The trainer trained participants to understand the basics of SQL, RDBMS, PL-SQL and subsequently how to apply these techniques in real time projects.

Hence to make them company efficient with all professional ethics and technically improved, every year this program is conducted for Third year students in order to make them ready for placements, by providing them with soft skills and technical assessment training. At the end of training program, every student gets a set of various activities which helps them to build up Team building, Motivation, Time and Stress Management skills.

Overall Zensar looks after every student in these sessions, where students learn basics of soft skills and Etiquettes required in Software company. They get to know the problems they face while handling live projects in company. This improves their communication skills, presentation skills. This program also helps in improving time and stress management and team building which are also very essential during their job. The Resource person was Ms Madhavi Naik corporate trainer appointed by ZENSAR Pune. PL SQL test was conducted on 9th December 2022.

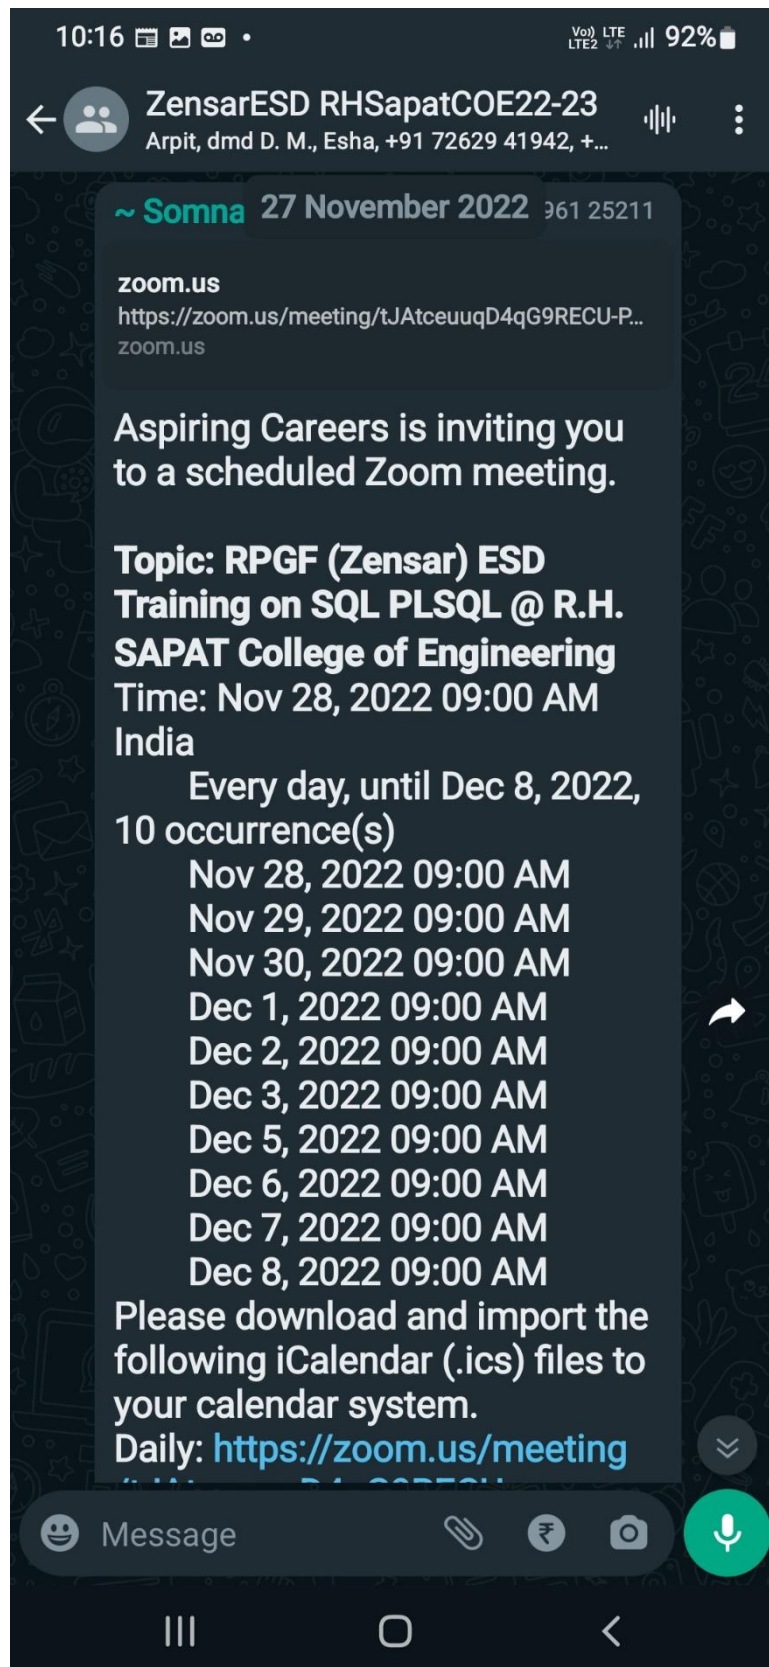

Head,
Department of Computer Engineering

Report of “Technical and Aptitude Training” For Final
Year Students

1. **Name of the Institute:** GES's R.H. Sapat College of Engineering, Management Studies and Research, Nashik
2. **Name of the organizing body:** Department of Computer Engineering and IQAC of R.H. Sapat College of Engineering, MSR Nashik
3. **Any collaborating agency:** No.
4. **Type of the event organized:** Certificate Training program
5. **Level of the event:** Final Year Engineering students(internal)
6. **Name of the event:** Technical and Aptitude Training for TE students
7. **Date:** 16/07/2020 to 24/07/2020
8. **Duration:** 8 days, **Total 32 Hrs.**
9. **Number of participants – students:** 80
10. **Number of participants – external:** Nil
11. **Inaugural Address:** Dr. D.V. Patil
12. **Invitation:** Annexure -I (Internal staff are trainers so Office order cum Notice/brochure of training)
13. **Name of the resource person with Designation and Affiliation:**
Annexure-I
14. **Expenditure incurred:** Nil
15. **Time of the FN session:** 10.15 am to 12.15 pm
16. **Time of the AN session:** 3.00 pm to 5.00 pm ONLINE MODE
17. **Attendance:** Annexure –II
18. **Session wise Evidences:** Annexure – II
19. **Vote of thanks:** N.A.

REPORT ON TECHNICAL AND APTITUDE TRAINING FOR BE STUDENTS

The “Soft skill and Aptitude Training for Final Year students” was organized by Department of Computer Engineering R.H. Sapat College of Engineering Management Studies and Research between **16/07/2020 to 24/07/2020** **It was 8 days online training (total 32 Hrs) Technical and aptitude training program** to have introduction on technical topics and aptitude for upgrade in performance of the students at first stage of placement. Aptitude tests were taken which is used to assess academic potential or career suitability and may be used to assess either mental or physical talent in a variety of domains.

Aptitude training, trainer and topic details.

Staff Name	Initials	Topics to be Covered
Mrs. A. S. Vaidya	ASV	English (Verbal), Logic ability.
Mr. C. R. Barde	CRB	Probability, permutations-combinations, clocks, race.
Mr. K. C. Kulkarni	KCK	Time, speed, distance, work, wages, proportions and partnerships.
Mr. R.R. Chakre	RRC	Trigonometry, height, distances, Integration derivations, logarithm.
Ms. V.S. Nikam	VSN	Simple /Compound interest, profit-loss
Mr. S.B. Kolpe	SBK	Numbers, LCM, HCF, Train, boat calendar age.,
Mr. G.K. Bhamare	GRB	Data structures and algorithms (C/C++/JAVA)
Mr. R.S. Jagle	RSJ	Databases SQL, PL SQL

Data structures and algorithms (C/C++/JAVA)

In Data structures and algorithms and C, C++ and JAVA training basics of data structures which are necessary to become successful in technical interviews were taught and revised. Similarly, for C, C++ and JAVA basics of these programming languages which are necessary to become successful in technical interviews were taught and revised by Mr. Gaurav Bhamare who is expert in these techniques.

Database & SQL:

In DBMS Mr. R.S Jagale who is expert in databases started with basics of Databases. Technical sessions were conducted on SQL, RDBMS, PL-SQL. In this training program they discussed various aspects of SQL, RDBMS,

The points on which fast revision type training provided are SQL Data Types and DDL, DML, DCL, TCL, SQL Operators. Creating, Modifying, Deleting, Updating tables. SQL DML Queries, clauses, Index, Then in Views, Creating, Dropping, Aggregate Functions, Nested Queries. Concept of Stored Procedures and Functions, Cursors, Triggers, Assertions, Roles and Privileges.

Aptitude training:

Aptitude training is necessary as it is first step in each placement drive. It checks mental ability of the student, and if training is given students can successfully apply their ability to get success in aptitude examinations.

In aptitude training, sessions as per list given below the staff members trained the students. The topics are Time, speed, distance, work, wages, ratio, proportions and partnership height, distances, Integration, derivations, logarithms, Trigonometry, Simple Interest, Compound interest and Profit loss, Probability, Permutations-combinations, Clock, Race and tricks how to solve it faster. The timing was from 10.15 a.m. onwards.

TRAINING FOR FINAL YEAR STUDENTS

Campus placements season is beginning and every aspiring student wants to prepare to do the best. For 2020-2021 final year student's batch technical and general aptitude training session is arranged by department from 16th July to 24th July 2020 for step up in performance of students at first stage of placement. Detail schedule is as follows:

Day/Time	Thursday	Friday	Sat	Monday	Tuesday	Wednesday	Thursday	Friday
10.15-11.15	Aptitude (RRC)	Aptitude (CRB)	Aptitude (RRC)	Aptitude (CRB)	Aptitude (ASV)	Aptitude (RRC)	Aptitude (ASV)	Aptitude (CRB)
11.15-12.15	Aptitude (VSN)	Aptitude (ASV)	Aptitude (SBK)	Aptitude (SBK)	Aptitude (KCK)/(VSN)	Aptitude (VSN)	Aptitude (SBK)	Aptitude (KCK)
3.00-4.00	Tech. ()	Tech. ()	Tech. ()	Tech. ()	Tech. ()	Tech. ()	Tech. ()	Tech. ()
4.00-5.00	Tech. ()	Tech. ()	Tech. ()	Tech. ()	Tech. ()	Tech. ()	Tech. ()	Tech. ()

Topic Coverage:

Staff Name	Initial	Topics to be Covered
Mrs. A. S. Vaidya	ASV	English(Verbal), Logic ability
Mr. C. R. Barde	CRB	Probability, permutations-combinations, clocks, race
Mr. K. C. Kulkarni	KCK	Time, speed ,distance, work ,wages,
Mr. R.R. Chakre	RRC	Trigonometry, height distances, Integration derivations, logarithm
Ms. V.S. Nikam	VSN	Simple /Compound interest , profit-loss, Ratio, proportions and partnerships
Mr. S.B. Kolpe	SBK	Numbers, LCM, HCF, Train, boat calendar age.
Mr. G.K. Bhamare	GRB	Tech. :- Data structures and algorithms (C/C++/JAVA)
Mr. R.S. Jagale	RSJ	Tech. :- Database & SQL & Operating Systems

Report of “Technical and Aptitude Training”

1. **Name of the Institute:** GES's R.H. Sapat College of Engineering, Management Studies and Research, Nashik
2. **Name of the organizing body:** Department of Computer Engineering
3. **Any collaborating agency:** No.
4. **Type of the event organized:** Training
5. **Level of the event:** BE Computer Engineering(internal)
6. **Name of the event:** Certificate program Technical and Aptitude Training for BE students
7. **Date :**12/07/2019 to 18/07/2019
8. **Duration:** 6 days. (42 Hours)
9. **Number of participants – students:** 40
10. **Number of participants – external:** Nil
11. **Inaugural Address:** Dr. D.V. Patil (HOD-COMP), Mr. D.M. Deshpande
12. **Invitation:** Annexure -I
13. **Name of the resource person with Designation and Affiliation:**
Annexure-II
14. **Expenditure incurred:** Nil
15. **Time of the FN session:**10.15 am to 12.15 pm
16. **Time of the AN session:** 1.00 pm to 2.00 pm
3.15 pm to 5.15 pm
17. **Attendance:** Annexure –III
18. **Session wise Evidences:** Attendance as in Annexure – III
19. **Vote of thanks:** Mrs. A.S. Vaidya

REPORT ON TECHNICAL AND APTITUDE TRAINING FOR BE STUDENTS

The “Technical and Aptitude Training for BE students” was organized by Department of Computer Engineering R.H. Sapat College of Engineering Management Studies and Research between 12/07/2019 to 18/07/2019. It was 6 days technical and general aptitude training session to have introductions on available topics of aptitude for step up in performance of the students at first stage of placement. Aptitude tests were taken which is used to assess academic potential or career suitability and may be used to assess either mental or physical talent in a variety of domains.

Aptitude training can help to identify an individual's vocational strengths and weaknesses in specific areas, which can help them, succeed in a particular job or career. It can also help to identify an individual's level of intelligence, which can help them learn more effectively and achieve their goals.

Data structures and algorithms (C/C++/JAVA)

In Data structures and algorithms and C, C++ and JAVA training basics of data structures which are necessary to become successful in technical interviews were taught and revised. Similarly, for C, C++ and JAVA basics of these programming languages which are necessary to become successful in technical interviews were taught and revised

Database & SQL:

In DBMS Mr. R.S Jagale who is expert in databases started with basics of Databases. Technical sessions were conducted on SQL, RDBMS, PL-SQL. In this training program they discussed various aspects of SQL, RDBMS,

The points on which fast revision type training provided are SQL Data Types and DDL, DML, DCL, TCL, SQL Operators. Creating, Modifying, Deleting, Updating tables. SQL DML Queries, clauses, Index, Then in Views, Creating, Dropping, Aggregate Functions, Nested Queries. Concept of Stored Procedures and Functions, Cursors, Triggers, Assertions, Roles and Privileges.

Web Development and Programming

Web development training typically involved web mark-up and coding, website development related development tasks, such as client-side scripting, server-side scripting, server and network security configuration, ecommerce development, and content management system (CMS) development at basic level are covered in training. The students were initially trained on basics like HTML, CSS and JavaScript. Trainer was Mr. Swapnil Ghorpade who is having industrial exposure.

Aptitude training:

Aptitude training is necessary as it is first step in each placement drive. It checks mental ability of the student, and if training is given students can successfully apply their ability to get success in aptitude examinations.

In aptitude training, sessions as per list given below the staff members trained the students. The topics are Time, speed, distance, work, wages, ratio, proportions and partnership height, distances, Integration, derivations, logarithms, Trigonometry, Simple Interest, Compound interest and Profit loss, Probability, Permutations-combinations, Clock, Race and tricks how to solve it faster. The timing was from 10.15 a.m. onwards.

Aptitude training, trainer and topic details.

Staff Name	Initials	Topics to be Covered
Mrs. A. S. Vaidya	ASV	English (Verbal),Logic ability
Mr. C. R. Barde	CRB	Probability, permutations-combinations, clocks, race
Mr. K. C. Kulkarni	KCK	Time, speed, distance, work ,wages, proportions and partnerships
Mr. R.R. Chakre	RRC	Trigonometry, height, distances, Integration derivations, logarithm
Ms. V.S. Nikam	VSN	Simple /Compound interest, profit-loss
Mr. S.B. Kolpe	SBK	Numbers, LCM, HCF, Train, boat calendar age,

Technical training, trainer and topic details

Staff Name	Initials	Topics to be Covered
Mr. G.K. Bhamare	GRB	Data structures and algorithms (C/C++/JAVA)
Mr. R.S. Jagle	RSJ	Database & SQL & Operating Systems
Mr. S.V. Ghorpade	SVG	Web Development and Programming

CERTIFICATE TRAINING PROGRAM ON EMPLOYABILITY SKILLS ENCEMENT (APTITUDE AND TECHNICAL)

Campus placements season is beginning and every aspiring student wants to prepare and to do the best. For 2019-20 final year students batch **Certificate program on technical and general aptitude training** is arranged by department from 12th July to 18th July 2019 for step up in performance of students at first stage of placement. Detail schedule is as follows:

Day/ Time	Friday	Saturday	Monday	Tuesday	Wednesday	Thursday
Date	12/07/2019	12/07/2019	15/07/2019	16/07/2019	17/07/2019	18/07/2019
10.15- 11.15	Aptitude (VSN)	Aptitude (ASV)	Aptitude (KCK)	Aptitude (SBK)	Aptitude (RRC)	Aptitude (CRB)
11.15- 12.15	Aptitude (RRC)	Aptitude (KCK)	Aptitude (VSN)	Aptitude (ASV)	Aptitude (CRB)	Aptitude (SBK)
1.00- 2.00	Technical (GKB)	Technical (GKB)	Technical (SVG)	Technical (SVG)	Technical (SVG)	Technical (RSJ)
2.00- 3.00	Technical (GKB)	Technical (GKB)	Technical (SVG)	Technical (SVG)	Technical (SVG)	Technical (RSJ)
3.15- 5.15	Technical (GKB)	Technical (GKB)	Technical (RSJ)	Technical (RSJ)	Technical (SVG)	Technical (RSJ)

Topic to be Covered:

Staff Name	Initials	Topics to be Covered
Mrs. A. S. Vaidya	ASV	English (Verbal), Logical ability
Mr. C. R. Barde	CRB	Probability, permutations-combinations, clocks, race
Mr. K. C. Kulkarni	KCK	Time, speed, distance, work, wages, Ratio, proportions and partnerships
Mr. R.R. Chakre	RRC	Trigonometry, height distances, Integration derivations, logarithm
Ms. V.S. Nikam	VSN	Simple /Compound interest, profit-loss
Mr. S.B. Kolpe	SBK	Numbers, LCM, HCF, Train, boat, calendar age,
Mr. G.K. Bhamare	GRB	Data structures and algorithms (C/C++/JAVA)
Mr. R.S. Jagle	RSJ	Database & SQL & Operating Systems
Mr. S.V. Ghorpade	SVG	Web Programming

All the staff members are requested to follow the schedule and follow the instruction discussed in our short meeting conducted for this activity.

GESRHSOEMSR Nashik.

Subject: Letter of Thanks.

Sir,

On behalf of Gokhale Education Society's R.H. Sapat College of Engineering Management Studies and Research, Department of Computer Engineering, Nashik, we would like to thank you for conducting sessions on "Probability, Permutations-combinations, Clock, Race training session" for our students of Computer Engineering during 12th July to 18th July 2019.

We appreciate that you spared time in your busy schedule to guide our students and shared your valuable experience. We expect the same cooperation in near future.

Thanks, and Regards

Sincerely,

Dr. D.V. Patil
Head,

Sir,

On behalf of Gokhale Education Society's R.H. Sapat College of Engineering Management Studies and Research, Department of Computer Engineering, Nashik, we would like to thank you for conducting sessions on "Numbers system, LCM, HCF, Train, Boat, Calendar training session" for our students of Computer Engineering during 12th July to 18th July 2019.

We appreciate that you spared time in your busy schedule to guide our students and shared your valuable experience. We expect the same cooperation in near future.

Thanks, and Regards

Sincerely,

Dr. D.V. Patil
Head,

Department Of Computer Engineering

Gokhale Education Society's
R. H. Sapat College of Engineering, Management Studies and Research

Subject: Letter of Thanks.

Madam,

On behalf of Gokhale Education Society's R.H. Sapat College of Engineering Management Studies and Research, Department of Computer Engineering, Nashik, we would like to thank you for conducting sessions on "Simple Interest, Compound interest and Profit loss training session" for our students of Computer Engineering during 12th July to 18th July 2019.

We appreciate that you spared time in your busy schedule to guide our students and shared your valuable experience. We expect the same cooperation in near future.

Thanks, and Regards

Sincerely,

Dr. D.V. Patil
Head,

Department Of Computer Engineering

Notice

Date: 29/09/2022

All the faculty members of E&TC department are hereby informed that the workshop on "**ARDUINO**" for TE E&TC students is scheduled from 14/10/2022 to 15/10/2022.

The objectives of this work shop are:

- 1) To introduce Arduino board
- 2) To get familiar with various types of Arduino board
- 3) To learn interfacing of various sensors
- 4) To have hands on training of interfacing

Schedule:

Date	Roll No.	Venue	Time
14/10/2022 to 15/10/2022	Interested Students	VLSI Lab	10:30 to 5:00

Expert Team:

- 1) Mr. D. M. Raut
- 2) Mr. K. V. Karad
- 3) Mrs. M. S. Deole
- 4) Mrs. Saba Mansoori

Technical Assistance:

- 1) Mr. C. K. Vaidya
- 2) Mr. P. S. Pagere

Mr. D. M. Raut
Workshop coordinator

Dr. S. P. Agnihotri
Head E&TC

Schedule for
Workshop on "Arduino"

Day/Date		Time	Topic	Expert
Day 1 25 th April 2022	Session-I	10:30 am	Inauguration	All
		10:45am	Pre Test	
		11:00 am - 12:15 pm	<ul style="list-style-type: none"> Objectives of workshop Introduction to Arduino Introduction to IDE Installation of IDE Important Functions Practice 	DMR
		12.15 pm- 01.00 pm	Lunch Break	
	Session-II	01:00 pm- 03:00 pm	<ul style="list-style-type: none"> Introduction to LED interfacing Different pattern generation Introduction to Switch interfacing Practice 	MSD
		03:00 pm- 03:30 pm	Tea Break	
Day 2 26 th April 2022	Session-III	03:30 pm- 05:00 pm	<ul style="list-style-type: none"> Introduction to different Sensors Interfacing of IR sensor Interfacing of PIR sensor Interfacing of Vibration Sensor Interfacing of DC motor and pot. 	SM
	Session-I	10:30 am - 12:15 am	<ul style="list-style-type: none"> Introduction to 7 segment display Interfacing of 7 segment display Introduction to LCD display Interfacing of LCD display 	KVK
		12.15 pm- 01.00 pm	Lunch Break	
	Session-II	01:00 pm- 03:00 pm	<ul style="list-style-type: none"> Hands on practice of all sessions Project preparation 	All
		03:00 pm- 03:15 pm	Tea Break	
	Session-III	03:15 pm- 04:30 pm	Project Exhibition	All
		04:30 pm- 05:00 pm	<ul style="list-style-type: none"> Post test Feedback Valedictory

Event title: Compose Camp

Date of event: 11 September 2022

Platform: YouTube

Number of attendees:1000

Host / Speaker:

Summary of event:

- GDSC conducted its second campaign that is Compose Camp, which started from 11 September 2022.
- This campaign focused on the introduction of Android and the basics of Kotlin concepts along with compose basics.
- GDSC took around five events under Compose Camp in which four were YouTube Live streams and one was offline in person.
- Students who were interested were given a task to complete 6 units along with creating their developers Profiles. Each unit consists of some pathways and each pathway having a badge to earn.
- Students were also given a task to create a health- check app in the offline event by GDSC as a kind of project to develop which also boosted their resumes after the completion of the 6 units. This App will be featured in Google Play Store.
- The last event/session of the Compose Camp was a guest lecture by Mr. Sambhaji Karad who is a Java, Kotlin and Android developer and also a senior software consultant. He guided the students on how to start their career as a developer.

Benefits:

- Students who were new to coding field or didn't know about android they got a kick start to their Android app development in Kotlin programming language.
- In this campaign there were theoretical/Video explanations of kotlin and the IDE i.e. Android Studio.
- Students have to do hands-on labs and to perform quizzes after every path.
- Students who successfully completed all units are going to be eligible for certification

Event title: Decode build for web3

Date of event: 10 October 2022

Platform: YouTube

Number of attendees:279

Host / Speaker: Ankit Kumar, Hardik Singh

Summary of the event:

- GDSC came up with its third event in that is Decode build for web3 which was in collaboration with Lumos Labs.
- Lumos Labs is a community which is a developers centric virtual world that connects developers with opportunities in web3 space and metaverse.
- This event was focused on building web3 projects using the emerging technology of Blockchain.
- The host of the event Ankit Kumar introduced himself and explained about the hackathon and also about the exciting prizes for the student developers.
- He also explained about the different technologies and associate sponsors tracks for building web3 projects like polygon, Blue sky, Aeternity, etc.
- He also explained the rules and regulations of hackathon along with the steps and requirements and deadlines for the submission of projects.
- The other Host of the event Hardik Singh took over and introduced himself and guided the students from scratch right from how to start building a project in web3 till how to submit that project along with focusing on the basics of backend.
- Atlast, during the Q&A session Tanmay Tarte who is a wizard at Lumos labs also joined up in the session and cleared the doubts of the students along with the hosts.

Benefits:

- Students get to learn and expand their knowledge about emerging technologies of web3, Blockchain and Metaverse.
- Students get to build and boost up their resumes by building web3 projects.
- Students can get the chance to win exciting prizes.
- Students get a headstart for their careers in Web3.

Event title: Android Study Jam

Date of event: 1 December, 2021

Platform: GDSC, YouTube

Number of attendees:

Host / Speaker: Atharva Chandwadkar, Om Gurav

Link / Recording: <https://bit.ly/3590dfB>

Email: asj.facilitator@gmail.com

Summary of event:

- GDSC GES-COENGG hosted 2nd campaign that is Android Study Jam started from 1st Dec.
- This event focused on introduction to Android Study Jam and basic Kotlin concept.
- Students who are interested has to create their developer profile and they were given 6 units to complete. Each unit consist of some pathways and every pathway having a badge to earn.
- After the completion of these units' students has to create an app on a particular domain which was given by GDSC. This app will be featured in Google Play Store.

Benefits:

- Students who were new to coding field or didn't know about android they got a kick start to their Android app development in Kotlin programming language.
- In this campaign there were theoretical/Video explanation of kotlin and the IDE i.e. Android Studio.
- Students has to do hands on labs and to perform quizzes after every path.
- Students who successfully completed all units they are going to be eligible for certification.

Student reviews:

It was a great introduction to our new campaign. We are excited to participate in this program. We got a clear idea about what to do in this month and we are going to complete this program with great energy.
